01 January 2026

To Our Valued Customers:

This letter is provided in response to your recent request for certification that all cosmetic raw materials supplied by Calumet Refining, LLC are free from the allergens listed in the 7th Amendment of the European Cosmetic Regulation, Annex III, including fragrance allergens stated in Commission Regulation (EU) 2023/1545.

All products used as cosmetic raw materials are manufactured at Calumet Refining facilities. Our operations in Karns City, Pennsylvania and Dickinson, Texas do not use any of the allergens identified in these regulations. Therefore, we certify that our products fully comply with the 7th Amendment of the Cosmetic Regulation.

None of the following products contain any of the allergens listed in the EU Regulation:

Products:
