01 January 2026

This letter responds to your inquiry regarding the presence of **Bisphenol A** (*4,4'-isopropylidenediphenol*, CAS# 80-05-7), **Bisphenol F** (*Bis(4-hydroxyphenyl)methane*, CAS# 87139-40-0), and **Bisphenol S** (*Bis(4-hydroxyphenyl)sulfone*, CAS# 80-90-1) in products manufactured by **Calumet Refining, LLC**.

Bisphenols A, F, and S are synthetic organic compounds that are **not used in, nor added to our raw materials, processes, or finished products**. We do not analyze for these substances, nor do we predict their presence in any of our materials.

For further questions, please contact Calumet's Product Support Team at **technical@clmt.com**.

Sincerely,

Lynn Massad  
Technical Market Development Manager
